**DETAILED ACTION**

1. The rejection of claims 1-25 is hereby withdrawn in view of newly required Election/Restriction. Any inconvenience is regretted.

***Election/Restriction***

2. Restriction to one of the following inventions is required under

35 U.S.C. 121:

- I. ***Claims 1-4 and 16-26*** drawn to a business method for payment transactions between buyer and seller, classified in class ***705/40***.
  - II. ***Claims 5-15 and 27***, drawn to a method for facilitating business transaction in an auction system between buyer and seller, classified in class ***705/37***.
3. The inventions are distinct, each from the other because of the following reasons: Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particular of the subcombination as calmed because the

**Art Unit: 3624**

transaction between the buyer and seller can be facilitate without the specifics method of awarding a bid to a buyer as described in group II. The subcombination has separate utility such as awarding the bidders for payments other than money orders.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. A telephone call was made to Mr. Franklin (43,616) on May 31 2003 to request an oral election to the above restriction requirement, but did not result in an election being made. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Jeffrey Pwu, whose telephone number is (703) 308-7835.
